COLUMNS USED IN STRUCTURES, TEMPLES, COLONNADES, PAVILLIONS,
 SPAS, ROTUNDAS AND CONSERVATORIES

Our columns are used in imaginative and unusual ways to create an elegant focus in the landscape or to add shape and form to a structural element. Call us for details of any of these installations. Allow us to present a detailed proposal to you with a cost estimate.

A well-designed structure can provide great interest in a hotel or apartment building.

Classical or modern, small scale or large, we can assist with ideas and installation advice.
